#### Conference

The conference was the other task that kept me busy within our organization. Rob has definitely played a more important role within this conference than I, but I tried to do as much helping from a far. After flying to Kansas for the program selection, there were numerous emails about all details of the conference that needed to be decided – from poster session selections to meal planning. The Kansas library association was wonderful in keeping me part of the loop for the planning of this conference. I know we will have a great conference.

### Summer board meeting

It is set for July 24th- 25th at the Doubletree Central – at Stapleton. The executive board will meet the Friday, and the entire board will meet on the Saturday.

We are changing locations but not hotel chains. This Doubletree has complimentary shuttle to & from DIA and to area shops. So for the people flying into Denver, there will not be the need to use a shuttle service. The cost of the rooms is also going down just a wee bit.
