## **Report on Leadership Institute Participant Memberships January 22, 2008**

Of the 175 past Leadership Institute participants, 89 (50.8 %) are renewing members for 2007 or 2008. This number does not include those who received free memberships for 2007 who have not yet renewed for 2008. Free memberships for the following year were given to 2005 and 2006 participants who were not already MPLA members. The database doesn't indicate whether non-member participants in previous years were given free memberships.

Six past participants are currently serving on the MPLA Executive Board, and 23 serve on committees, electronic communities, and in other ways. Most have indicated in their profiles that they are willing to serve on committees and many are willing to run for office.

Using the lists found on the website (<http://www.mpla.us/leadership/attendees.html>) and the current MemberClicks database, the following is a year-by follow-up of Leadership Institute participants.
