Newsletter Editor Report  
Lisa Mecklenberg Jackson (Helena, MT)  
Jan. 24, 2004

The deadline for the January/February issue of the newsletter was Jan. 1. I will be using state reports as distributed for the board meeting for state news in the newsletter.

Nevada is the featured state for the January/February issue.

Features for the January/February issue of the newsletter consist of an article from Mary Bushing and photos on the recently completed MPLA Leadership Institute. Several of the attendees have also contributed articles on the Institute. There is a story contributed by Kay Christensen, Professional Development Grants Committee Chair, featuring the 11 individuals who received MPLA grants this year. Jean Anderson has contributed her usual great "Business Sense" column and Carol has written an entertaining "President's Letter." Also, look for some great state news; there have been some marvelous contributions.

For those of you new to the board, be prepared to say "cheese" on Saturday, as I need to get your photos, both for potential use in the newsletter and for the "Faces" page on the MPLA Website.

If anyone has any ideas for new features or columns for the newsletter, please let me know! Any and all ideas appreciated.
