Mountain Plains Library Association
Interim Newsletter Editor's Report
October 2005

The October issue of the MPLA Newsletter was sent to the printer and webmaster on September 19, 2005, in order to get conference updates out as soon as possible before the event. Because of space (the total pages must be in multiples of 8) some articles had to be shortened or postponed.

I really appreciate all the contributors to this issue!

Many thanks,

Judy Zelenski
