Newsletter Editor Report  
Judy Zelenski  
March 26, 2009

The April issue of the Newsletter is online and in the mail. This issue is printed on white glossy paper, at slightly less cost than the previous February issue which was printed on plain offset white stock. They were printed by different printers, following the demise of our prior printing firm which suddenly went out of business. I'll be bringing both issues to the board meeting for your comparison. Printing in color, or on the heavier stock which we used for many years, is beyond our current budget.

This issue featured MPLA 2009 Award winners, as well as an article written by Jean Hatfield about ALA President-Elect and MPLA member Camila Alire. The June issue will feature the new Board members as well as the past year's Professional Development and CE grant winners.

Thanks,

Judy
