

Newsletter Editor Report
February 25, 2015

MPLA Activities

- Compiled one issue of the MPLA Newsletter - March/April 2015
- The submission deadline for the upcoming May/June 2015 issue is March 1.
 - Thank you to the state reps who have already shared news from their states.
 - I hope to get at least one photo of somebody's pet, and at least a couple of bits of advice for new librarians.

For future issues

- I have good connections in public libraries, but not in academic, school, or special libraries. If you know of people doing interesting work in those areas, encourage them to write something for the newsletter, or point me in their direction and I'll ask them.
- A state rep asked about official wording to send around to state listservs and associations, soliciting newsletter contributions. I am working on a draft, and plan to run it by the Communication Committee.

Respectfully submitted

Amadee Ricketts
