MPLA Election

Roy and I (but mostly Roy) are currently running the officer election for 2013 online. We sent out emails to membership Wednesday, 24 July 2013, with a link to vote. Due to some technical issues, we sent out a reminder link the following day because we weren't quite sure everyone had received the ballot email. When last I inquired, we had 84 ballots cast after about one day. We are planning to send a reminder to everyone who hasn't voted late next week.

MPLA/SDLA/NDLA Tri-Conference Handouts Hosting

I have just this morning reached out to the local arrangements contact for the SDLA/NDLA conference to extend an offer for MPLA to host all handouts for the conference. We (MPLA) have done this for about 10 years or so, just as a way for the Association to help with the conference logistics.

Respectfully submitted,

Dan Chaney
