

MPLA Webmaster Report
04 August 2017

Completed/Ongoing Activities

The website reported as a hacked or potentially harmful site for a few days. The most likely cause was another website hosted on the same server was the problem. I requested Stablehost, our provider, to move the MPLA site to a different server. This resolved the issue.

The upcoming election is ready using the software on our server. You can view the test ballot at: <http://mpla.us/ballot-test.html> The votes will not be recorded.

WebMail- I hope everyone is using the webmail. I would like to disable the forwarding.

If you prefer to use an email client (outlook, mail, or your gmail account) use the following settings

Username:	your-mpla-email@mpla.us
Password:	<i>Use the email account's password.</i> **
Incoming Server:	pcluster17.stablehost.com ● IMAP Port: 993 ● POP3 Port: 995
Outgoing Server:	pcluster17.stablehost.com ● SMTP Port: 465

** The only way to reset a MPLA email password is contact me at webmaster@mpla.us, The forgot password reminder is disabled to further secure our server.
