Arizona News

- [January/February 2018 Newsletter](#) available
- Arizona Library Association Annual Conference scheduled for Wednesday, October 24th through Friday, October 26th and currently slated to take place in Mesa, Arizona. At the time of this report, different venues are being investigated which could lead to a change in dates. At the last AzLA board meeting, I pointed out that this conflicts with 2018's MPLA/Kansas Library Association's conference and suggested that we avoid repeating the conflict in future years if possible.

Respectfully submitted,

Cherise Mead
