Kansas News

Topeka & Shawnee County Public Library has been named the 2016 Gale/Library Journal Library of the Year. According to the [announcement](#) in Library Journal, “The library is central to local deliberations and changes; creates leaders; and uplifts the community it serves.”

The Kansas Library Association has experienced significant turnover in its leadership due to officers leaving the state for new employment opportunities. Plans for the fall conference are proceeding on schedule, however.

Respectfully submitted,
